

STRYKER PRO 500

Introducing the Stryker PRO 500 inflatable boat (the largest roll up in our line to date! This inflatable boat comes with the added protection of 1.8mm wrapped with our Stryker Shield® under the entire bottom of the boat. Since it's launch in 2018, it has quickly become one of the most popular boats we have sold. We add a 20" transom for the ability to add a JET outboard for extreme shallow water use. Please note: this model requires a 20" prop motor. This is the perfect inflatable boat for a large group of adventure seekers paired with a 30-50HP long shaft(prop) outboard or a 35-40HP JET. This inflatable boat is commonly paired with a Stryker Boat Trailer and various console options.
